Lycamobile launches Lycamoney pre-paid cash card in UK

Friday 8 April 2011 | 10:44 CET

International mobile services provider Lycamobile has launched the 'Lycamoney' pre-paid card in the UK through a partnership with Transact Network and Mastercard. At launch, two versions of the Lycamoney cash card are available; the Green Lycamoney Card which can be purchased and topped up from a nationwide retail network of stores; and the Silver Lycamoney Card upgrade product that is free for existing Green card customers and offers more benefits. The Green Lycamoney Card allows users to top-up and ring-fence their daily disposable budget. The Silver Lycamoney Card offers extra benefits such as higher load limits, and companion cards that can be sent to friends and family abroad or domestically. Both Lycamoney Cards are designed to help people to manage and control their monthly budgets without the worry of overspending or overdraft charges. Consumers can load their cards online or at thousands of Playzone retailers nationwide. The Lycamoney Card is also accepted at over 30 million MasterCard acceptance locations worldwide. All Lycamoney customers of both cards will receive free real-time mobile text updates, displaying their current balance after every transaction.
